Cold Jet signs Applied Products as exclusive distributor

Business Courier of Cincinnati

Cold Jet said Thursday it has signed an exclusive distribution agreement with **Applied Products Inc.**

Under the agreement, Applied Products will market Cold Jet's dry ice blast cleaning systems to its customers and suppliers. The Minnetonka, Minn.-based company's products and services include adhesives, dispensing equipment, assembly automation, production tools and engineering.

Cold Jet, headquartered in Loveland, is a manufacturer of dry ice blasting and production equipment, with operations in Europe, Asia, the Middle East, Canada and Mexico. In February, it opened a machining and manufacturing plant in Milford.
