

ENVIRONMENTAL COMPLIANCE COLLABORATIVE

Bringing together local manufacturing representatives, TechSolve's Environmental Compliance Collaborative (ECC) strives to better educate local manufacturers on environmental compliance in order to avoid mistakes and find better ways to be environmentally friendly.

January 11: Chemical Inventory Reporting

Jeff Beattie from the Ohio Environmental Protection Agency (EPA)/State Emergency Response Commission gives an overview on Annual Chemical Inventory Reporting.

February 8: Understanding the Ohio EPA Enforcement Process

Bill Fischbein, Supervising Attorney of Water Program at the Ohio EPA, will provide insight into which cases become enforcement priorities, how they originate, and who the key players are. He will also talk about the enforcement approaches the EPA takes and the outcomes they are seeking in these cases.

March 8: Eliminating Waste

Tom Hensler, Folgers Pilot Plant Manager at the J.M. Smucker Company, will talk about the innovative ways that Folgers has been exploring to eliminate waste. TechSolve's Greg Hume will give tips on how you can do these same things in your own manufacturing facility.

April 12

TBD

May 10: Risk Management Planning

Sherri Swihart from the Ohio EPA's Division of Air Pollution Control will talk about the Risk Management Plan (RMP) program including:

- How to determine whether a facility is subject to the RMP program
- A brief overview of program levels, reporting requirements, and prevention program
- What a facility may expect during an RMP audit, RMP fees, Ohio's affected universe, and enforcement

Muhammad Elsalahat will also give an overview of the aspects of the Emergency Planning & Community Right-to-Know Act (EPCRA) and the reporting requirements. He will explain the EPA's newest version Toxic Release Inventory (TRI) reporting software.
