The United States Playing Card Co. plans to donate all of its profits - up to \$1 million - from its special "Hope for Haiti" playing card decks to the earthquake relief efforts for the Caribbean country, the company said Monday.

The Bicycle "Hope for Haiti" deck will be sold primarily online at www.amazon.com, www.kardwell.com, www.brybelly.com, www.pokerchipswholesale.com, www.trademarkpoker.com and www.aceking1.com for under \$10 per deck. The special edition deck features a ribbon of hope and the Haitian flag on the card backs.

The company and the special edition cards are not associated with Hope for Haiti, Inc. or Hope for Haiti Now.

Spokesman Micheal Finn said the Erlanger-based company will take the money and donate it to AmeriCares, a nonprofit organization that provides medical and other humanitarian relief.
